

# MUUG Meeting

The Manitoba UNIX User Group

**Date: Tuesday, April 1<sup>st</sup>, 2025**

**Time: 7:30pm**

**Topic: Programming With Closures,  
by Trevor Cordes (In-person/Hybrid Meeting)**

Unknown by many programmers, closures and first-class functions enable some pretty cool programming techniques that can make your code more maintainable. In a short presentation, Trevor Cordes will demonstrate what they are, how to use them, and explain why they can be desirable.

**RTFM: the return of /bin Diving!**

Everyone in attendance will be encouraged to help Brad Vokey bumble about on the command line to figure out how to use a random /bin program.

## March & April Door Prizes

Along with our usual selection of e-books, we have another Pi Zero W 2 along with an SD card to give away!

The latest meeting details are always at:

<https://muug.ca/meetings/>

## Where to Find the Meeting:

**Fortress Software Inc.  
350 Keewatin St – Unit #2**

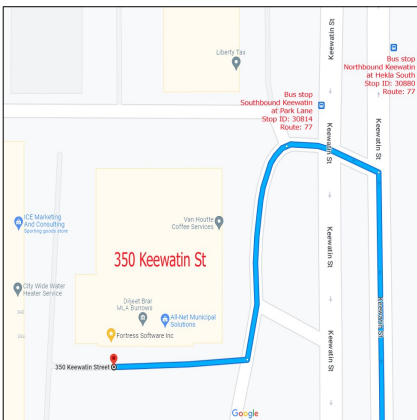

We have a new in-person meeting location now!

Brad Vokey has graciously let us use his work office for our next in-person meeting.

**The meeting room will be open by 7:00 pm, with the actual meeting starting at 7:30 pm.**

If driving, enter the lot using the most north-eastern entrance (far right in the above picture) and drive around to the south west corner of the building (see route in map detail). You can use any of the free, ample, and safe parking spots that say “reserved” in front of units #1 through #4 before entering unit #2 (the one with the MUUG logo above the door!).

Bus stops #30814 and #30880 (route 77) are only 150 meters away. The last bus leaves for Polo Park at 10:15 pm and for Garden City at 10:31 pm.

Logan Ave. bus routes #19, #26, and #27 are a 600 meter (8 minute) walk to the south.
