MUUG Meeting
The Manitoba UNIX User Group

Date: Tuesday, June 3rd, 2025
Time: 7:30pm
Topic: RawTherapee, by Wyatt Zacharias (In-person/Hybrid Meeting)

Wyatt Zacharias has volunteered to give us a quick demo of RawTherapee.

Take your photography to the next level with RawTherapee. Modern DSLR (and now mirrorless) camera sensors are capable of capturing dynamic range far beyond what a standard 8-bit JPG can display. By capturing the raw sensor data from the camera we can access up to 14 bits of dynamic range and adjust our photos non-destructively and without any loss of quality. RawTherapee provides a full suite of photo editing tools including color correction, white balance, noise and distortion correction, and many more.

RTFM: /bin Diving 5.0, The Brazilian Strikes Back!

Due to overwhelming meeting participation (and a little board member peer pressure), we have somehow convinced our Brazilian board member Alberto Abrao to take a spin at trying to figure out what a random /bin command does live.

**The latest meeting details are always at:**

Unit #2 - 350 Keewatin St

Where to Find the Meeting:

Fortress Software Inc.
350 Keewatin St – Unit #2

NEW LOCATION

For one last time, we are again meeting at Brad Vokey's work office.

The meeting room will be open by 7:00 pm, with the actual meeting starting at 7:30 pm.

If driving, enter the lot using the most north-eastern entrance (far right in the above picture) and drive around to the south west corner of the building (see route in map detail). You can use any of the free, ample, and safe parking spots that say "reserved" in front of units #1 through #4 before entering unit #2 (the one with the MUUG logo above the door!).

Bus stops #30814 and #30880 (route 77) are only 150 meters away. The last bus leaves for Polo Park at 10:15 pm and for Garden City at 10:31 pm.

Logan Ave. bus routes #19, #26, and #27 are a 600 meter (8 minute) walk to the south.
